

Identifying the Hardware for Sewnatra Cabinets

We understand that the various screws and other pieces of hardware included with your Sewnatra cabinet can be overwhelming. To simplify the process, we have taken pictures of the hardware bags and listed the contents to help you with your construction process. In addition, please watch our video of the assembly.

Figure #1- You will find 7 small bags of hardware for your Sewnatra. Each contains a different screw or hardware item. Pieces that are used together are bagged together. On the next pages, you will see a close up of the bags.

Continue to see close up picture of the left hand columns Figure 2 and right hand column Figure 3
